

Congregation-Characteristics

Congregation:	Nufringen
District:	Tübingen
Members:	ca. 110
Active members:	ca. 60
Kids:	5
Ministries:	5 priests, 3 deacons
Choir:	22 singers

Although we are blessed with respect to ministries and responsible in comparison to others, we are an ordinary congregation. We struggle with the same concerns and developments with regard to membership and demographic development. In recent years, we have changed our face several times - or had to change. We have learned to deal with these changes and a beautiful theme has developed:

"... Whatever the days bring to you: PRAY - and it will succeed ..."

However, we also have some special features to which we are already a bit of pride:

- High affinity to music
 - Nufringen owns 5 organist and also 5 conductors
 - Nufringen allocates two conductors of the Gäu-choir (regional overall choir consisting of 9 congregations of the district)
- High level of foreign language orientation
 - foreign language commissioner "Spanish" (coming from Uruguay)
 - foreign language commissioner "English"
 - We have a family from Africa in our midst
- Versatile Activities - no matter what needs to be done or where you have to get started: there is always someone who is ready to contribute. Also beyond the activities around the "church": We make joint trips, hikes, go bowling, canoeing, bike rides or come together to a wine tasting ... or renovate ourselves the church.
- Always looking for new ideas and impulses:
 - So we introduced a "deacon evening". Once a month, the service is designed only by the master and the deacons.
 - Once a year, always in the Advent season, the local choir society join the divine service and is in charge of the musical framing. This is a particular highlight, because here we usually have more guests than members. This public appearance attracts by the way many citizens to come to our congregation. After that we have a snack and many interesting discussions.
 - Participation "community in a Shoebox" - we look forward to your impulses ...

Curious? We look forward to your contact!

Welcome to Nufringen!
